

# FCJ Celebration Song

## **Chorus :**

We celebrate with joy  
The passion and the fire  
In Marie Madeleine's heart,  
Her faith and her desire.  
We celebrate with joy  
Her trust in God alone,  
Companionship and love  
Where all can be at home.

**1.** She heard the thirst of God's desire  
That echoed in her soul,  
To share Christ's love with all the world  
To sing His deepest song.  
And then emerged a stream of life,  
Creating a new course.  
Companions came with hopeful hearts  
The stream went flowing on.

## **Chorus.**

**2.** The flowing stream grew wide and deep  
Embracing many shores.  
Refreshing those who longed for life  
Who hungered for yet more.  
Quenching thirst and comforting  
The stranger at the door,  
Tending Earth, our Common Home  
God's beauty to restore.

## **Chorus.**

**3.** And still today we hear God's voice  
An echo in our hearts.  
Calling from the world's unrest  
For us to play our part.  
We journey on in faithfulness,  
In love and hope we stand.  
To share the Gospel joyfully  
Companions hand in hand.

## **Chorus.**

Spread God's word. Share Christ's love.  
Be God's fire. Go in hope. ( x 2)
